

COMPANY PROFILE

YOUR TRUSTED BUSINESS PARTNER FOR PROVEN, FLEXIBLE & HIGHLY EFFECTIVE
LEARNING SOLUTIONS.

ENTERPRISE PATTERNS offers a comprehensive portfolio of technical and soft-skills training services designed for companies and public organizations to acquire, maintain, and optimize their skills.

Enterprise Patterns delivers world class learning services through a permanent core team of specialists, in conjunction with a large network of partners and individual associates. This highly flexible model allows us to find exactly the right skills and expertise our clients need - when they need it - and at competitive rates. It has a long history and proven track record with world's leading global organizations. EP has been the ideal learning partner and delivered over 12,000 face-to-face training enrolments (per annum).

Enterprise Patterns has spent many years developing a number of our own secret ingredients that give us the magic sauce that makes our service unique and sets us apart from other managed learning services providers. A huge amount of time and effort has gone into each of these and without them we would not be able to deliver the same level of results to our customers. We strive for long-term relationships with our customers – relationships that create efficiencies that significantly boost return on investment. We approach every customer relationship with an eye on the future. That means we deliver every single training course with special care and attention.

“In the old economy, training was a cost center – today it’s the #1 source of competitive advantage. Training’s necessity has gone from just-in-case to just-in-time.” – Michael Moe, Merrill Lynch.

Mission: Enterprise Patterns mission is Technology Transfer – RECYCLING MINDS.

ENTERPRISE PATTERNS IT services are a cost-effective and convenient way to bring new skills to your employees who can act as champions for your company. Organizations that are maintaining their competitive advantage with the help of ENTERPRISE PATTERNS include IBM Global Services, ITC InfoTech - United Kingdom, Wipro InfoTech, SunQuest, Misys, Novell India Development Centre, GE John F Welch, EMC2, Hewlett Packard, Intel and many others.

TRAINING METHODOLOGY

ENTERPRISE PATTERNS is the leader in designing, developing and deploying IT solutions to blue-chip organizations. Only EP offers a fully integrated solution that combines course content aligned with its clients' business objectives, a compelling, results-oriented learning experience, and robust technologies that are fully outsourced.

As Information Technology company, our vision is to be a one-stop for any IT service requirements, at a price and within deadlines. We are committed to providing the complete IT solutions for organizations, worldwide.

People: Our Certified and Highly experienced professionals have been providing IT services in Internet, Distributed and Object -Oriented Technologies to hundreds of software developers across a wide range of application areas. These developers hail from industry leaders such as ABB, Infosys, Sony India Architecture Division, Nokia (Formerly Symbian), Tata Elxsi, TESCO, Texas Instruments India Pvt. Ltd., DELL, i-Gate Global Solutions, CAP Gemini, Siemens, and many more...

ENTERPRISE PATTERNS tailors technical services to your technical needs. At EP, we have considerable experience in customizing courses to meet the specific needs of organizations. ENTERPRISE PATTERNS IT solutions are the most effective way to get your employees trained. Our solutions can include our existing off-the-shelf courseware, custom-tailored content, or anything in between. It will also tailor a training session to meet your particular needs based on your application area and staff experience.

Everything you need to learn is included in each ENTERPRISE PATTERNS' course. You learn in complete online environment, including lessons, quizzes, and exercises, with ongoing support from tutors. The wide range of courses includes: lectures, case studies, and hand-on examples. Participants learn object-oriented technology concepts, design methods, techniques, and languages. This building block approach allows clients to take advantage of the extensive range of services and allows clients to complete application developments development projects successfully and on time – now and in the future.

MICROSOFT .NET

S. No.	Course Name	Duration
1	Microsoft .NET Framework Essentials	3 Days
2	WPF	2 days
3	WCF	3 days
4	WWF	3 days
5	C# Programming	3 Days
6	Silver Light 4.0	3 Days
8	VB.net Programming	2 Days
7	ASP.net Programming	2 Days
8	.NET and COM Interoperability	2 Days
9	AJAX .NET	2 Days
10	Designing and Architecting a .net Applications	2 Days
11	.NET for Technical Managers and project Leaders	1 Days
12	Design Patterns in DotNet	2 Days

OBJECT ORIENTED METHODOLOGIES (CONCEPTS WITH TOOLS)

S. No.	Course Name	Duration
1.	Object Oriented Analysis and Design with UML using Rational Rose	4 Days
2.	Object Oriented Analysis and Design with UML using Together soft	4 Days
3.	Object Oriented Analysis and Design with UML (Enterprise Architect)	2 Days
4.	Design Patterns – C++, Java / J2EE and .NET	3 Days
5.	Requirement Management using Requisite Pro	1 Day
6.	Rational Unified Process (RUP)	3 Days
7.	Rational Rose Case Tool	1 Day
8.	Business Modeling	1 Day

JAVA AND J2EE TECHNOLOGIES

S. No.	Course Name	Duration
1.	Core Java	4 Days
2.	Advanced Java	4 Days
3.	Designing and Architecting J2EE Applications	3 Days
4.	Enterprise Java Beans (EJB)	3 Days
5.	Enterprise Java Beans (EJB) using WebLogic App. Server	4 Days
6.	Enterprise Java Beans (EJB) using WebSphere App. Server	4 Days
7.	Hibernate	2 Days
8.	Java and Design Patterns	2 Days
9.	Java Server Pages (JSP) and Servlets	3 Days
10.	JSF	3 Days
11.	Spring Framework	2 Days
12.	Struts	2 Days

PROGRAMMING LANGUAGES

S. No.	Course Name	Duration
1	C Programming	4 Days
2	Advanced C	3 Days
3	C++ Programming	4 Days
4	Advanced C++	3 Days
5	C++ and Design Patterns	2 Days
6	Visual C++	4 Days
7	ATL COM	3 Days

UNIX / LINUX PROGRAMS

S. No.	Course Name	Duration
1	Unix / Linux Commands and Utilities	3 Days
2	Unix / Linux Internals	6 Days
3	Unix / Linux Device Drivers	5 Days
4	Unix / Linux Server Administration	4 Days
5	Real Time Linux	5 Days
7	Embedded Linux	5 days

ENGINEERING PROGRAMS

S. No.	Course Name	Duration
1	Concepts in Requirement Management	1 Day
2	Requirement Management – Requisite Pro	1 Day
3	Concepts in Software Testing	2 Days
4	Software Testing – Win Runner	3 Days
5	Software Testing – Load Runner	3 Days
6	Software Project Management – MS Project	2 Days
7	Software Project Management	2 Days

CLIENT SERVER PROGRAMS

S. No.	Course Name	Duration
1	Oracle PL/SQL	5 Days
2	Oracle Database Administration (DBA)	5 Days
3	Oracle Application Server	5 Days
4	MS SQL Server Programming	5 Days
5	MS SQL Server Database Administration (DBA)	5 Days
6	SSRS	3 Days
7	SSAS	3 Days
8	SSIS	3 Days
9	SHAREPOINT	5 Days

MS OFFICE PROGRAMS

S. No.	Course Name	Duration
1	MS Office Program	3 Days
2	MS Word	1 Day
3	MS PowerPoint	1 Day
4	MS Access	2 Day
5	Excel VBA (Macros)	2 Days
6	Basic Excel Program	1 Day
